

CST is a charity. Our work depends upon charitable donations and widespread voluntary participation.

If you experience or witness antisemitism report it to CST as soon as possible. All reports will be treated with the utmost confidence. In an emergency, dial 999.

Contact your local CST office to learn more about how you can help share the responsibility of protecting our community, by becoming one of our trained volunteer security personnel.

CST's work is all provided free of charge. Every pound you give enables CST to do its work for the benefit of the Jewish community and wider society. We welcome every donation.

ABOUT US

CST is Community Security Trust, a charity that protects British Jews from antisemitism and related threats. CST is recognised by the Police and Government as a unique model of best practice.

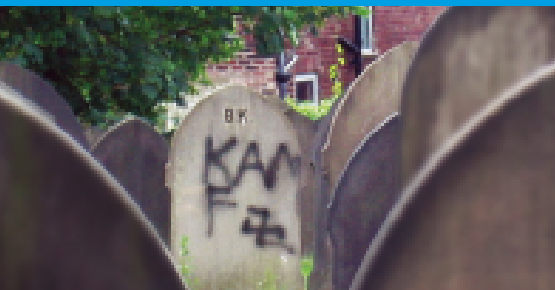

SECURITY

CST provides security advice and training for Jewish communal organisations, schools and synagogues. CST secures over 600 Jewish communal buildings and approximately 1,000 communal events every year.

VOLUNTEERS

CST has trained over 5,000 security volunteers throughout the UK. They are the foundation of CST's work. Volunteers come from every part of the Community.

ANTISEMITIC INCIDENTS

CST staff receive reports from victims of antisemitic hate crime. CST's annual Antisemitic Incidents Report is recognised as the most authoritative study of antisemitic hate incidents in Britain.

FUNDING

CST provides its services free of charge. Nearly all of CST's budget comes from charitable donations.

SHARING EXPERTISE

CST provides expert advice on every aspect of antisemitism to the Police, government, politicians and media. CST provides training and advice to other faith and minority groups, to help them secure their communities against hate crime.

YOUTH AND STUDENTS

Streetwise is CST's joint project with Maccabi GB. It teaches personal safety to Jewish teenagers. CST helps to protect Jewish students on campuses across the UK, in partnership with the Union of Jewish Students.

SECURITY ENHANCEMENT

Since 2008, CST has given over £5 million to improve physical security measures at Jewish buildings across the UK, to better protect them from terrorism. This includes fitting anti-shatter window film, access controls and CCTV systems.

INTERNATIONAL WORK

CST provides expert advice to the European Union (EU), the Organisation for Security and Co-operation in Europe (OSCE) and other international bodies.
