About CST

CST is the charity that protects British Jews from terrorism and antisemitism. It exists to ensure that Jewish people across the UK can lead the lives of their choice.

Widely recognised by police and government as a unique model of best practice, CST's research regularly informs public policy, helps to safeguard wider British society, and supports victims of antisemitism.

CST gained charitable status in 1994, though its origins lie in many decades of Jewish self-defence – both before and after World War Two. CST does not charge for any of its services and is almost entirely dependent on charitable donations to cover its costs.

Across the UK, 2,000 dedicated volunteers and over 100 members staff power CST's mission.

CST's mission

CST's mission is to protect our UK Jewish community from antisemitism in both physical (primarily terrorism) and political forms. This is what every member of CST's team does, whether staff, volunteers or trustees. We do it to facilitate British Jewish life, so it can be led as people wish.

Everything that CST does should contribute to protecting our community and fighting antisemitism. Every staff role and every department exist so that CST can best fulfil its mission. Together We Protect is not just a slogan, it is the reality of what we aim to do.

We do our utmost, individually and collectively, in pursuit of CST's mission. We should ask: *"What did I do today to protect our Jewish community, how can I do it better?"*. *"What did I do today to support CST colleagues, how can we work better together?"*.

Every British Jew benefits from CST's work and service, either directly or indirectly. This is the protection we give to schools, shuls, communal organisations and events, or the work we do against terrorism and antisemitism.

We strive to work in partnership with all British Jews, regardless of religious or political affiliation, together in common cause. We can only ever be as strong as our community enables us to be. This is the other meaning of Together We Protect, it is the mutual dependency between CST and our Jewish community (or communities).
